Dear Mr. Clarin:

Thank you for your letter of December 14, 2001. Your letter served as the written report associated with Stipulated Agreement 2001-02, and was in keeping with the requirements of 14 CCR 17211.6.

Stipulated Agreement 2001-02 was due to expire December 26, 2001. In your written report, you requested a 90-day extension of the Stipulated Agreement, in order to allow you to complete a full composting cycle. That request is hereby granted, and Stipulated Agreement 2001-02 is now set to expire on March 26, 2002.

In keeping with condition number 4 of the Stipulated Agreement, the agreement will alternately terminate upon the issuance of a revised Solid Waste Facilities Permit (SWFP) allowing temporary composting operations on the landfill. Such a permit is scheduled to be heard before the California Integrated Waste Management Board (CIWMB) at its January meeting.

Should the agreement terminate due to the issuance of a revised SWFP, an additional written report as required by 14 CCR 17211.6 would be pointless and will not be required. If the agreement will terminate on its March 26, 2002 end date, a written report will still be due at least 10 days prior to that date.

Thank you for the opportunity to work with you to maintain compliance at Cold Canyon Landfill. If you have any concerns regarding this or other matters, I can be reached at (805) 781-5574.

Sincerely,

Steve Fuller  
Environmental Health Specialist
